

Discussion Section classCfier

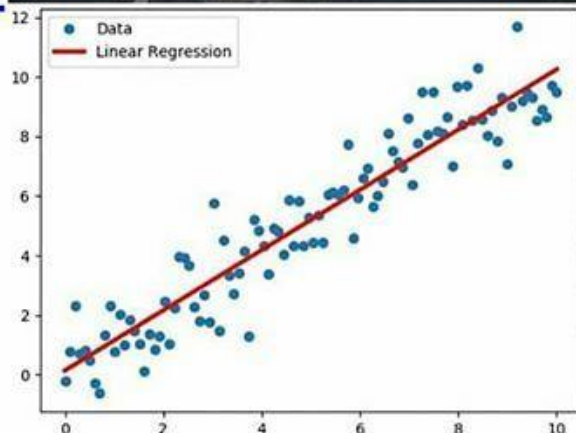

Let's just jump right into it

What they promise you will learn

What you actually learn

$$y = \beta X + \varepsilon$$

$$Y = \beta X + \varepsilon$$

Statistics

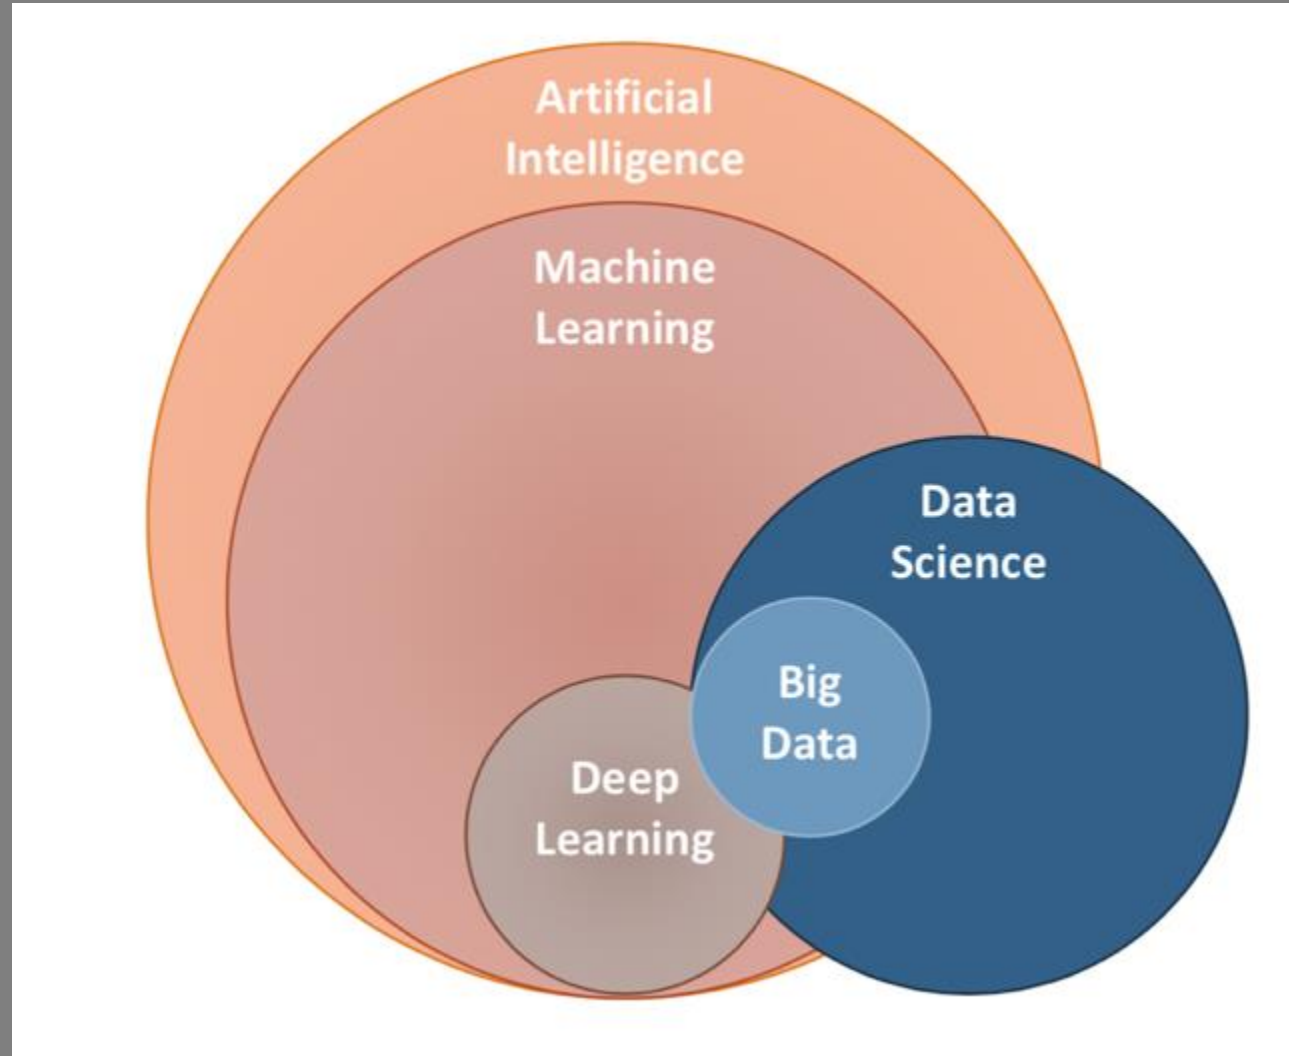

MACHINE LEARNING

#10yearchallenge

Data science, AI, Machine Learning, etc.

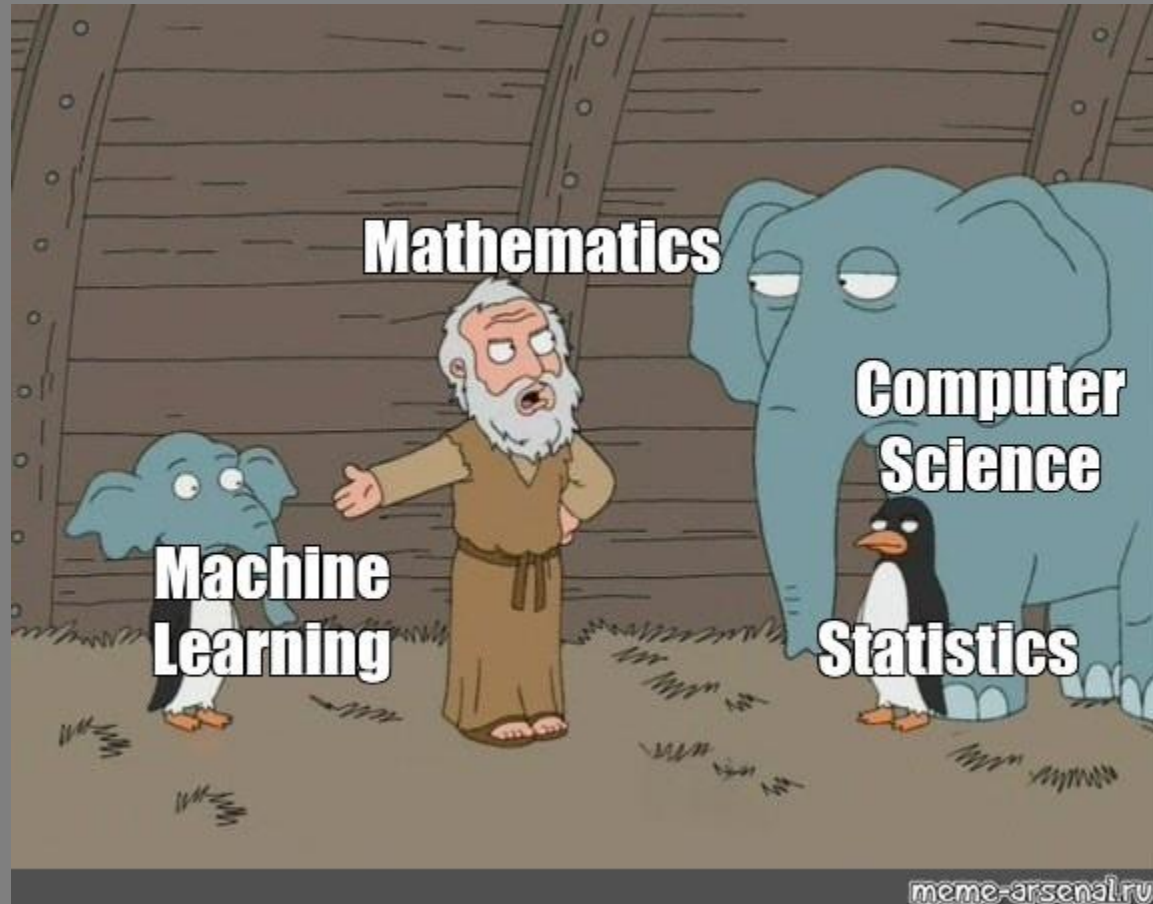

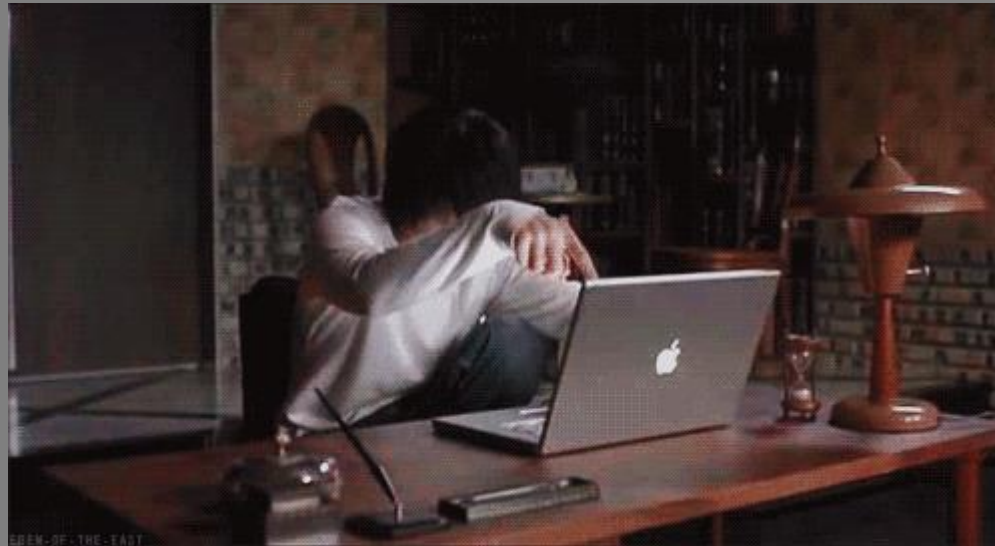

Data science is an art of computer,
math, and analysis

Basically, math is the backbone of data science and machine learning

Let's learn python

But you know, I learned something today

With combination of math, python,
and data analysis, we can work
with big data
